## Education

### University of California, Berkeley

Aug. 2016- May 2020

- Public Health and Public Policy
- GPA: 3.70
- Skills: R, Python, SQL, Adobe Creative Suite

## Experience

### Health and Medical Apprenticeship Program

Jan. 2018- Present

#### *Health Service Internship Teaching Assistant*

Berkeley, CA

- Lead weekly discussions of 6-8 HSI interns with a co-TA on various public health topics, such as environmental health and maternal and media and violence.
- Develop curriculum, discuss logistics, and coordinate professional development events with fellow teaching assistants during weekly 90-minute meetings
- Hold office hours, mediate intern-supervisor communications, and advise health service interns during their placements

### Interdisciplinary Center for Healthy Workplaces

August 2018- Present

#### *Research Assistant*

Berkeley, CA

- Spearheaded outreach to recruit participants to recount their experiences with sexual harassment in higher education
- Collected, organized, and coded participants' demographic data and analyzed general trends regarding environmental or situational factors contributing to sexual harassment in higher education
- Compiled literature reviews, created **Qualtrics** surveys, and designed recruitment material with **Adobe Spark** in order to further research and project development

### Peer Health Exchange

Aug. 2016- Present

#### *Leadership Council*

San Francisco Bay Area

- Lead weekly one-hour workshops on sexual and reproductive health to classes ranging from 25-35 students that foster honest conversations about young adults' health choices using a Trauma Informed Approach to teaching
- Trained a group of 8-10 volunteers in public speaking and classroom management skills in weekly workgroup meetings
- Develop skills in public speaking, classroom management, student engagement, and content knowledge and produce feedback that helps shape the Bay Area curriculum

### Alameda Health System

Jan. 2018- Present

#### *Care Management Shift Lead.*

Alameda County, CA

- Co-lead weekly four-hour shifts of 7-8 care management advocates to triage responsibility connecting outpatient, bedside, and walk-in patients with appropriate government benefits and resources
- Connected socioeconomically disadvantaged patients with Bay-Area public resources, including social work and legal aid, and government assistance including CalFresh and SSI.

### Public Health Advocate

Jan. 2018- Present

#### *Online Managing Editor and Contributing Writer*

Berkeley, CA

- Wrote online and print articles for UC Berkeley's undergraduate public health publication, which aims to increase awareness of local, state, and national public health issues
- Managed a team of writers for bi-weekly online content and edited articles before final publication
